REPORT TO CONGRESS

FLOW CONTROLS AND MUNICIPAL SOLID WASTE

**Office of Solid Waste
Municipal and Industrial Solid Waste Division**

March 1995

REPORT TO CONGRESS

FLOW CONTROLS AND MUNICIPAL SOLID WASTE

EXECUTIVE SUMMARY

**Office of Solid Waste
Municipal and Industrial Solid Waste Division**

March 1995

TABLE OF CONTENTS

	<u>Page</u>
EXECUTIVE SUMMARY	ES-1
WHAT DID CONGRESS ASK EPA TO DO?	ES-1
WHAT ARE FLOW CONTROLS?	ES-1
WHAT FACTORS ENCOURAGE USE OF FLOW CONTROLS?	ES-1
HOW DID EPA APPROACH THE CONGRESSIONAL REQUEST?	ES-2
WHAT ARE THE FINDINGS?	ES-3
ARE ALTERNATIVES AVAILABLE OTHER THAN FLOW CONTROL?	ES-12
CHAPTER I: INTRODUCTION	I-1
A. RCRA AND FLOW CONTROLS	I-2
B. FACTORS ENCOURAGING THE USE OF FLOW CONTROLS	I-3
C. INTERESTED PARTIES' POSITIONS ON KEY FLOW CONTROL ISSUES	I-5
D. ORGANIZATION OF REPORT	I-5
CHAPTER II: STATE FLOW CONTROL AUTHORITIES AND IMPACT ON HUMAN HEALTH AND THE ENVIRONMENT	II-1
A. METHODOLOGY	II-1
B. STATE AUTHORITIES	II-1
C. HUMAN HEALTH AND THE ENVIRONMENT	II-5
CHAPTER III: MARKET ANALYSIS OF FLOW CONTROLS	III-1
INTRODUCTION	III-1
The Market Analysis	III-3
Limits of the Market Analysis	III-5
Methodology	III-6
Outline of Remainder of Chapter	III-7
A. THE DEMAND FOR WASTE MANAGEMENT SERVICES	III-7
A.1 Available Data on Waste Stream	III-8
A.2 Methodology Used to Estimate Market Size	III-8
Market Definition	III-8
Examination of Methodologies	III-9
Comparison of EPA and <i>BioCycle</i> 1990 Estimates by Market Segment	III-11
Comparison of <i>BioCycle</i> Landfill Estimates with Available State Data	III-12
A.3 1992 Estimate of Waste Received at MSW Facilities	III-12
A.4 1992 Estimate by Waste Management Method	III-12
B. COMPOSTING MARKET SEGMENT	III-14

	<u>Page</u>
Key Findings	III-14
Data Limitations	III-15
B.1 Overview of Growth Trends	III-15
B.2 Market Subsegments	III-17
B.3 Market Segment Competitive Structure	III-18
Yard Trimmings Landfill and Combustion Bans	III-18
Competitive Economics	III-19
Capital Requirements and Scale of Operations	III-21
Public/Private Infrastructure	III-22
Flow Controls and MSW Composting	III-23
B.4 Market Segment Potential	III-24
Supply of Compostable Waste	III-24
End-Market Demand for Compost	III-25
C. RECYCLING MARKET SEGMENT	III-26
Key Findings	III-26
Data Limitations	III-27
C.1 Overview of Growth Trends	III-28
C.2 Market Subsegments	III-33
C.3 Market Segment Competitive Structure	III-35
Recycling Laws and Landfill/WTE Bans	III-36
Competitive Economics	III-37
Capital Requirements and Scale of Operations	III-40
Public/Private Infrastructure	III-41
Flow Control Role in Recycling Growth	III-42

	<u>Page</u>
C.4	Market Segment Potential III-45
	Supply of MSW Recyclables III-45
	End-Market Demand for Recyclables III-46
D.	WASTE-TO-ENERGY MARKET SEGMENT III-46
	Key Findings III-46
	Data Sources and Limitations III-47
D.1	Overview of Growth Trends III-47
D.2	Market Subsegments III-49
	Throughput of Market Subsegments III-50
	Geographic Distribution of WTE Market Subsegments III-50
D.3	Market Segment Competitive Structure III-51
	Role of Flow Control in WTE Market III-52
	Competitive Economics III-55
	Tipping Fees III-56
	Public/Private Infrastructure III-58
D.4	Market Segment Potential III-58
	Existing Facilities III-59
	New Facilities III-59
	Other Factors Inhibiting Future Growth Rates III-61
E.	LANDFILL MARKET SEGMENT III-62
	Key Findings III-62
	Data Limitations III-62
E.1	Overview of Growth Trends III-63
	Number of Landfills III-63
	Landfill Capacity III-64
E.2	Market Subsegments III-67
E.3	Market Segment Competitive Structure III-68
	Competitive Economics III-69
	Capital Requirements and Scale of Operations III-69
	Tipping Fees III-71
	Flow Controls III-72
E.4	Market Segment Potential III-73
F.	ANALYSIS OF KEY ISSUES IN FLOW CONTROL DEBATE III-74
F.1	Are Flow Controls Necessary to Ensure Adequate Waste Management Capacity? III-76
	Recycling and Composting Capacity III-76
	Waste-to-Energy Capacity III-77
	Landfill Capacity III-78
	Use of Flow Controls to Ensure Adequate In-State Capacity III-78

	<u>Page</u>
F.2	Are Flow Controls Needed to Achieve State Recycling Goals? III-79
	Direct Impact of Flow Control on Recycling Rates III-79
F.3	Integrated Solid Waste Management III-79
G	ALTERNATIVES TO FLOW CONTROL III-80

APPENDICES:

- APPENDIX I-A: Flow Controls and Municipal Solid Waste: Summary of Public Comments
- APPENDIX I-B: Legal Decisions Concerning Municipal Solid Waste Flow Controls
- APPENDIX II-A: Summary Matrix of State Flow Control Authorities
- APPENDIX II-B: Flow Control Case Studies
- APPENDIX III-A: Technical Analysis: Waste Generation
- APPENDIX III-B: Technical Analysis: Compost Segment
- APPENDIX III-C: Technical Analysis: Recycling Segment
- APPENDIX III-D: Technical Analysis: WTE Segment
- APPENDIX III-E: Technical Analysis: Landfill Segment
